Parte 2:

The screenshot shows the Visual Studio Code interface. On the left is the Explorer sidebar, which displays a file tree for a project named 'repaso'. The tree includes a 'DH' folder containing 'repaso_clase1y2', 'git_bash_y_vscode', and 'historia_de_la_informatica'. 'historia_de_la_informatica' contains 'repaso', 'interfaces_de_usuario', 'servidores', and 'software_y_hw'. Each of these four subfolders also contains a 'repaso' file. The main workspace shows a terminal window titled 'repaso - DH - Visual Studio Code' with the following content:

```
